MESSAGE:

September 12, 1988

Mr. Derrick Denson
Professional Services Industries
2332-A E. Division
Springfield, MO 65803

Dear Mr. Denson:

This letter is in response to your inquiry of 9/7/88 regarding this office's involvement in any incidents or spills at 1600 E. Florida. In searching our files back to 1/1/72 we could find no documentation relating to such. Our memory recalls the following:

- 1) Early 1970's - "T.M.I.C. Industrial Cleaning" apparently washed animal fat or by-products onto property. Complaint handled by Springfield Health Department.
- 2) Early 1987 - Observed "Donco Carriers", a trucking firm, apparently disposing of waste oil onto gravel lot for dust control. Referred to Missouri Department of Natural Resources at 883-4033.

In the future, I would suggest your contacting the Health Department at 864-1658 for these types of inquiries as well.

If we may answer any questions or be of further assistance, please call us at 864-1924.

Yours truly,

J. Randall Lyman
Sewer Surveillance and Billing Supervisor
